

Photography Consent Form

For use of Photographs, Film or video Recordings of Children

Dear Parent/Guardian

Southern Beaches Junior Rugby Union Club (SBJRUC) is committed to the protection of children involved in sport. We like to celebrate children's participation in sport. We like to celebrate children's participation in sport at SBRUC with appropriate images and have some simple rules about the taking and use of images.

Please note that we do not allow any images taken by anyone in private areas such as changing rooms, shower facilities and toilets and for this reason we require children to switch off mobile phones when they arrive at SBRUC premises – these include matches away from SBRUC premises.

Photography

If you want to take pictures taken of your children in activities, please ask the relevant manager and if appropriate the opposing team manager. Please do respect the decision taken, as we cannot always agree to image taking. Examples may be that posing for unofficial images may get in the way of some activities. Another important reason for not giving permission is that it is sometimes against the law to take images of particular children – they may have been removed from their family for safety reasons, there may be a dispute between parents or where parents have refused permission for images to be taken.

Use of Photographs

Southern Beaches Junior Rugby Union Club may ask a photographer to attend activities and team matches. Photographs will be used as a historical record of the club as well as using its images in media, in support of sponsor publications as well as the SBRUC website.

SBJRUC will take all reasonable measures to ensure these images are used solely for the purposes for which they are intended. If you become aware these images are being used inappropriately you should inform SBJRUC's Committee immediately.

SBJRUC reserves the right at all times to prohibit the use of photography, film or video at any activity with which it is associated.
